

# The Lomond Press

VOL. 3 NO. 41

LOMOND, ALBERTA, FRIDAY, MAY 16, 1919

\$1.00 PER YEAR.

## LOCALETS

Do not overlook the fact of the Peace Club Tea in the Lomond Realty building on Saturday (to-morrow) May 17th. A sale of aprons is also being held with a wide selection of specie pinafore.

R. W. Glover, who had been editor and manager of the Vulcan Advocate since its inception, has resigned his position and moved to Calgary to take up musical work. Mr. McPherson of High River has taken over the management.

The blizzard was great pickin's for the Indians. Hartwicks hired a band of them to skin as many of their fallen cattle as they could get at and the squaws set to work to make pemican from the carcasses. There was enough beef fallen around here for the Indians to stock up for the remainder of the year. Riders were gathering the strays all last week, finding some as far as seven miles south of Edmont. Most of the cattle were moved north on Tuesday.

The Lomond Firemen are holding a dance in the I.O.O.F. Hall next Friday evening, May 23rd. At this affair the Peace Club is arranging to serve the refreshments. Gentlemen's tickets will be sold for \$1.00 and they can spend as much money at the refreshment booth as their lady friends demand. As society has been very quiet for a few weeks no doubt this will be quite an attraction.

Mr. and Mrs. H. E. Elves were in Cayley over the week-end, attending Mr. Elves' parents' fifty fourth wedding anniversary.

Mr. and Mrs. W. A. Teskey were in Lethbridge on Thursday and Friday of this week.

Mrs. C. R. Adams made a trip up to their north ranch last week, returning on Thursday.

Kassim Sobb is putting up ten dollars if some one will also put up a like amount, to be competed for at the Lomond Fair by Farmers having six horse general utility outfits, harness and hitch to be considered in judging.

For Sale—Gold Coin seed potatoes. The Associated Farmers Limited.

Dad Cox is introducing to the trade a new fifteen passenger joy wagon which will be regularly on the Vulcan route next week. Dad wants to give the band boys an outing and has offered to drive them around the first time that they feel inclined to give a little concert to the town.

Lost, on May 16th., a ladies purse containing a small sum of money, on road between Lomond and Travers, going south from Lomond till directly west of Travers. Finder kindly leave at H. E. Branscombe's office in Travers or Press office.

Lomond now has a detachment of the A. P. police force, Mr. Ferrin being established here this week. His quarters will be in the Bowers residence. Mr. Ferrin is a returned man, going overseas with the R.N.W.M.P., and transferring to the A. P. force on his return to Canada.

Harry Manning, who has for some time been suffering from a severe attack of inflammatory rheumatism, is able to be out and around.

## Council Leaves Responsibility with Investigation Committee.

The council of the Municipal District of Clifton met in open session in the I.O.O.F. Hall at Lomond on Monday afternoon. The first important feature was the consideration of the auditor's report and the report of the investigator sent down by the department of municipal affairs. Messrs. Hooker and Larsen were present on behalf of the ratepayers' investigation committee. In the reports it was clearly pointed out that three of the councillors had done work and received money in excess of the provisions of the act. The committee contended that the present council should institute proceedings to obtain the return of this money. The council, while admitting the irregularity, contended that unless the investigation committee could produce evidence

of misappropriation or that the parties concerned did not give value for the money they received, no action was necessary in the matter. A motion by E. R. Barnett to this effect was put to the council and passed. It was plainly evident that this course of procedure did not meet with approval from the committee representatives, so if anything further is done the first move can be expected from that quarter. The public attended to quite a number and the privilege of discussion was extended to the ratepayers.

A committee from the Lomond Board of Trade interviewed the council with respect to road work, and as a result Hanna, Barnett and Marshall were appointed to confer along with the Board of Trade with a view to obtaining provincial assistance through the different M.P.s. when they make their promised visits here on road inspection.

The recommendation of the auditor re taking care of the machinery was taken up but no definite action was taken, as it was considered that same would be out and in use during the summer months. The village council accorded the loan of the road-building

machinery on the understanding that same be kept in a proper state of repair.

J. A. Marshall and W. J. Orr were appointed a committee to interview the landowners along the Travers new road and effect a settlement.

The next meeting will be held at Travers on June 9th.

## SUNDAY SCHOOL DAY

Our Provincial Government has seen fit to issue a proclamation calling upon all people in the Province on May 25th. to attend some Sunday School session that day.

The Alberta Sunday School Federation has prepared a special programme for that occasion and has distributed them in all sections of the Province.

An effort is being made in this way to arouse interest in the work of Religious Education. The various denominations have joined their forces in this work and thus present a united front. Only one in ten in the Province attend Sunday School now. Why not all turn out on that day?

## Overland

## Oh Boy!

The owner of an Overland owns all out of doors. In his Model 90 he goes in comfort and with an enjoyment possible only because of the high quality, fine appearance and unfailing performance of his car.

Last month in Oklahoma, U. S. A., a stock Model 90 Overland car broke the world's non-stop high gear record, 4,370 miles in 7 days and nights in high gear, over bad roads with a gas record of 20.66 miles per gallon.

This durability and economy is an every-day advantage for Model 90 owners—order yours now.

### DELCO-LIGHT MAKES ELECTRICITY UNIVERSAL

For the first time electric light and power are available to  
anyone--anywhere.  
Heretofore, the benefits of electricity have been confined to  
those who live in the larger towns and cities.  
Now Delco-Light makes electric current universally available.

Delco-Light is today furnishing  
thousands of farm-houses with  
brilliant, convenient, safe and eco-  
nomical light.

It is furnishing power to operate  
pumps, washing machines, churns,  
cream separators, milking ma-  
chines, vacuum cleaners, etc.

It is lighting country churches,  
stores and public halls.

It is furnishing light and power to  
summer homes and camps, to  
houseboats and yachts, etc.

It is lighting rural railway stations  
and construction camps.

It is lighting the camps of United  
States troops on the Mexican  
border and it is disclosing hereto-  
fore undreamed-of beauties in the  
depths of Mammoth Cave, Ken-  
tucky.

Altogether, over 15,000 Delco-Light  
plants are in operation, and Delco-  
Light offices are to be found in al-  
most every part of the world.

Delco-Light is a complete electric plant--the engine and dy-  
namo in one compact unit combined with a set of spe-  
cially built and wonderfully efficient batteries for the  
storing of current. The plant is so simple a child can  
care for it, and so economical that it actually pays for  
itself in time and labor saved. It operates on either kero-  
sene, gasoline or natural gas.

### The 10 - 20 "Titan"

The most reliable tractor of the day. Operates  
on all oil fuels from distillate (39 Baume) and  
kerosene up to gasoline. It is easy to operate.  
Any boy can safely run it with but a little instruc-  
tion. Built to last. Economical and adapted to  
all farm work. Repair service given at this agency.

DO NOT FORGET THAT I HANDLE THE OVERLAND CAR

## BASE BALL

Lomond, according to the schedule, will gather together a team and open the season by playing at Retlaw next Thursday afternoon, May 22nd. Just who manager Swain will have on the line-up, but outside of a pitcher he has practically the same material to work on as last year. The idea of the new league is to play home-talent ball. Get the younger set into the game and try out their mettle.

o o o

Lomond's first home game will be on Thursday, May 29th., with the Travers aggregation.

o o o

All those having base ball suits out will please hand them in to manager Swain, so that they may be washed returned to them.

## LOCALETS

A. R. Coulter and sister of Mather Manitoba, came upon the Tuesday train. They are the guests of Mr. and Mrs. G. E. Elliott.

o o o

Mrs. J. H. Doane returned from Lethbridge where she has been visiting her sister.

o o o

Born, to Mr. and Mrs. Henry Jones, a son.

o o o

A serious accident occurred on Friday near Travers, when a brother of the Dunbar boys got mixed up with a runaway team hitched to a disc harrow. The lad was badly cut about the head and back.

o o o

Shorty Webster was in Lomond on Tuesday negotiating the disposal of his residential property.

RAE L. KING, PROP

LOMOND, ALBERTA, MAY 16, 1919

### NOTES

We cannot help but feel that the council would have been better advised had it been agreed to compile and make public an itemized statement covering the amounts in the admitted irregularities. In private business this would come in the category of disputed accounts and an itemized accounting would be demanded. The public would feel more assured if this were done, and, if everything is accountable as those affected maintain, there could be no harm in the publicity.

o o o

Lomond streets are getting trimmed up in pretty good shape for wet weather.

o o o

Who is going to bury these dead cattle lying around?

o o o

Now that the season is over and we have experienced the thing ourselves, THE PRESS will express its unbiased opinion of the Lyceum Bureau. It is the rapid commercialization of a medium class standard of talent by a system that eliminates all risk on the part of the Bureau. The local committee assumes all financial obligations, and of course, rather than get stung the committee gets out and rustles a full house. The Bureau dictates everything—even to assigning a Saturday night date on the final performance scheduled for Lomond (which was over-ruled by the blizzard.) The last season's program did not come up to the standard demanded by the cash guarantee.

o o o

A few good cooking and seed potatoes left at The Associated Farmers Ltd.

How does your Dollar stand?

## LOCALETS

W. H. Williamson returned on the Tuesday train after a try to Ontario. Ontario is experiencing a very wet and backward spring and near Peterborough, where Mr. Williamson was, seeding had just nicely started when he left to come west. Mr. Allen, who has been on relief duty here, leaves in the morning.

As far as Lomond is concerned the 24th. of May will not be a holiday.

There will be a box social and entertainment in the Armada school house on Friday evening, May 23rd. Ladies kindly bring boxes with two cups.

H. E. Elves holds the local garden record, he having enjoyed home-grown green onions last week from his own garden—nurtured under glass.

Joint Managers

L. M. SWAIN

## Men's Suits!

We have just received a line of good quality serges and worsteds from John W. Peck & Co. of Montreal. The blues are of a medium shade indigo, of double and twisted wool yarn, on a rather wide twill weave. This particular weave of serge will stand up better under knock-about condition than any other, and is good style too. Price - **\$38.00**

The worsteds are black and white and brown broken checks, new patterns. These will give dandy service and keep shape and color. Price - **\$35.00**

About the worsteds and tweeds we have in stock, and the very special prices we are able to offer, we have told you before—and these are better values today than ever. Look them over!

## OVERALLS

Strong grey tweed, heavy weight, hard finish, made big and strong in the engineer style bib. We tried this cloth out last year in pants and it is a dandy. Price - **\$2.75**

MEN'S WORK GLOVES, Clarke's Pliable Cherookee Horse---a dandy.

Price - **\$1.75**

Real Clothes for  
Real Men  
who demand  
Real Style and  
Quality  
in their Clothing.

## The Frank Brown Company, Ltd.

# IT'S TIME TO RE-TIRE

Not in the old sense of meaning, but with good, new Goodyear, Diamond or Dominion tires. It does not pay to run on badly worn tires. It's hard on the nerves, the car and the pocketbook. The Ford Garage offers you exceptional tire service. We sell at the same price, put the tires on and then provide you a free air service---it's all yours for the taking.

WE CAN FURNISH YOU WITH STORAGE BATTERIES FOR ALL MAKES OF CARS.  
BATTERIES RE-CHARGED, REPAIRED AND RE-BUILT

## Ford Cars and Repairs

Auto Accessories, Tires, Gas,  
Oils---Free Air Service.

### New Price List on Parts

The Ford Company, by post-war conditions, is making a new repair price list which will mean quite a saving to the owners of Ford cars.

### Repair Work

Mr. Donily has taken over the floor space in the rear of the garage and our patrons are invited to avail themselves of this service.

### "Chevrolet" and "McLaughlin" Repair Parts

Stocked at Lomond and Travers.

## The Ford Tractor

This is a machine you should investigate at once. Low in price---high in durability. Call in and get information on this "little wonder."

## Acetylene Welding

---at the Travers Garage. We guarantee all our welding to be A-1.

## MASSEY - HARRIS Implements

### Seed Drills

I have just unloaded a car load of double and single disc seeders. The Massey-Harris seeder is notably a favorite in the West. Place your order now.

"Great West" Stubble Gangs

"Imperial" Gangs---Breakers and Stubble

"Golden Edge" and "Great West" Sulkies  
in all sizes.

### Disc and Lever Harrows

"Bayne" Wagons, a full stock

### "Chatham" Fanning Mills

We have these mills in both hand and power sizes.

### "Gray-Campbell" Buggies

---and Democrats, and we can take care of your extra and repair parts for this line of vehicles.

## Fairbanks-Morse

"Z" Type Engines in 1½- and 3-h.p. sizes.

Power Washing Machines--- the best and most convenient machine on the market.

Pump Jacks, etc., etc.

## Samson Tractors

This staunch, powerful machine is a wonder in efficiency. It is built with a Red Seal Continental motor which is in itself a gilt-edged guarantee. If you are in search of satisfaction and economical farm power we would suggest an investigation of the "Samson." Demonstrators at both Lomond and Travers.

W. O. TORGUSSON, R. S.

## U. F. A. SUNDAY JUNE 15th.

June 15th is the day set by the ex-  
ecutive committee on which to observe  
the fourth annual U.F.A. Sunday ex-  
ercises. The object briefly speaking is  
to discuss religion from a U.F.A. stand-  
point. On that day these two institu-  
tions should interpret themselves to  
each other. The church in the past has  
placed its emphasis on making individ-  
ual better. The U.F.A. is placing its  
emphasis on making society better.  
Should there be a close connection be-  
tween the two or is there an impassible  
barrier between them? Does the church  
need a regenerated social system in  
which its individuals can live together  
in accordance with the higher laws of  
life? Does the U.F.A. need better in-  
dividuals to build into its social system?  
It is evident that we cannot separate  
the individual from society or the so-  
ciety from the individual.

### THE U.F.A. AIM

We aim at stimulating individual ac-  
tivity in social service, believing that  
citizenship implies duties even more  
than it does rights. We seek to inspire  
each of our members to being a real  
servant of the community for the good  
of all.

We aim at organized democracy,  
believing that people must 'get to-  
gether'; in order to know and serve  
each other. Working with others is the  
only way to develop the team spirit and  
to generate the co-operative temper  
which is the essence of the democratic  
ideal.

We aim at economic justice, believing  
that 'special privilege' is the root of a  
large proportion of our present day  
evils. Hence we carry on consistently  
a propaganda, looking toward the ac-  
ceptance of our principles and their ul-  
timate translation into established ways.  
In all this work we believe we are

seeking practically to inaugurate the  
Kingdom of God and its righteousness,  
and we confidentially appeal to all who  
are moving in that direction, for sym-  
pathy and help.

### A HANDY MAP FREE

The farmer, merchant, or other citi-  
zen of the West, has often felt the  
need of information as to the exact  
location of the points at which the sit-  
tings of the different courts are held or  
at which title deeds chattel mortgages,  
transfers affecting personal property,  
etc., may be registered. The new issue  
of the Land Registration and Judicial  
Districts Map which has recently been

published by the Department of the in-  
terior through its natural resources In-  
telligence Branch shows by a simple  
colour scheme the boundaries of both  
land registration and judicial districts  
in Manitoba, Saskatchewan and Alberta.  
The towns which are the centers of  
of the respective land titles or land  
registration districts as well as the  
places where the country or district  
courts and the Supreme Courts of  
King's Bench sit are indicated by simple  
conventional signs.

A copy of this map may be obtained

free of charge on application to the  
Natural Resources Intelligence Branch  
of the Department of the Interior,  
Ottawa.

### CUT WORMS

The cut worms are creating a consid-  
erable havoc around this part of the  
country and in some cases farmers are  
re-seeding considerable areas. Even in  
cultivated summer fallow they are at  
work. A good rain would relieve the  
situation considerable.
